

## The Second 25,000DWT Stainless Steel Chemical Tanker Joined Greathorse Chemical Fleet

On October 31, 2017, Greathorse Chemical Ltd. took delivery of the second 25,000dwt stainless steel chemical tanker built by ITOCHU as the Seller and Kitanihon Shipbuilding Co., Ltd. as the Builder. President of Greathorse, Mr. Henry Chiang signed the Protocol of Delivery Acceptance, General Manager of Greathorse Chemical Ltd. Ms. Liang Si, named the vessel “Tiger Tenacity” successfully. The vessel is designed with 22 cargo tanks, 30,000cubic meters cargo volume, which eco-design is similar with the first 25,000DWT chemical tanker delivered in last month.
