

GISML Granted "QUALSHIP21" from USCG

On January 8th, 2019, eleven Bulk Carriers under GISML fleet granted "QUALSHIP21" from USCG. The honor of "QUALSHIP21" is a highly acceptance and rewarded regards to vessels, shipowner, ship management company and flag state. It's very strict for the "QUALSHIP21", only about 10% un-American flag vessels called US ports could grant the title and certificate after satisfying QUALSHIP21 PROGRAM.

GISML will continue to strive for more vessels to grant the "QUALSHIP21".

Further information on our QUALSHIP 21 Program, including the eligibility criteria, can be found on our website at: <https://www.dco.uscg.mil/qs21>. If you feel that more of your vessels meet these eligibility requirements, please submit your request utilizing the tools on the website.

You should know that less than ten percent of all foreign-flagged ships that operate in the United States meet the eligibility requirements of this program, putting your qualified vessel in an elite class. This is a remarkable accomplishment and I applaud the efforts of your organization and the master and crew of the qualified vessel for setting such a high standard of excellence.

In recognition of this superior achievement, the U.S. Coast Guard has provided a QUALSHIP 21 certificate **VESSELS LISTED ABOVE**.

Once again, congratulations for your exceptional commitment to quality.

Sincerely,

A. H. MOORE, JR.
