CHINA

Dear Operations Department:

Congratulations on your fleet's excellent performance with the Port of Long Beach Green Flag - Voluntary Vessel Speed Reduction Program in 2018.

The Port of Long Beach is pleased to present Greathorse Shipping with the Green Environmental Achievement Award. This award is being granted to operators that called the Port of Long Beach in 2018 and demonstrated that 90% or more of all its vessel trips complied with the Green Flag - Voluntary Vessel Speed Reduction Program.

In addition to receiving a commemorative 2018 Green Flag, your fleet has qualified for the following dockage incentive:

- |                                     |      |   |
|-------------------------------------|------|---|
| <input type="checkbox"/>            | 20nm | 15% reduction off dockage payable to the Port of Long Beach |
| <input checked="" type="checkbox"/> | 40nm | 25% reduction off dockage payable to the Port of Long Beach |

This incentive will be applied to calls at eligible terminals in the Port of Long Beach in 2019.

Congratulations again on your fleet's outstanding performance in 2018 and thank you for your commitment to reducing air pollution in Southern California.

Sincerely,

Roger Wu  
Acting Director of Business Development
